## Four Injured In Highway Accident

Four persons were injured Wednesday morning in a Highway 90 accident in which an automobile collided with a camper trailer and automobile in front of the Wheel Inn restaurant.

Mr. and Mrs. Dewey R. Crow

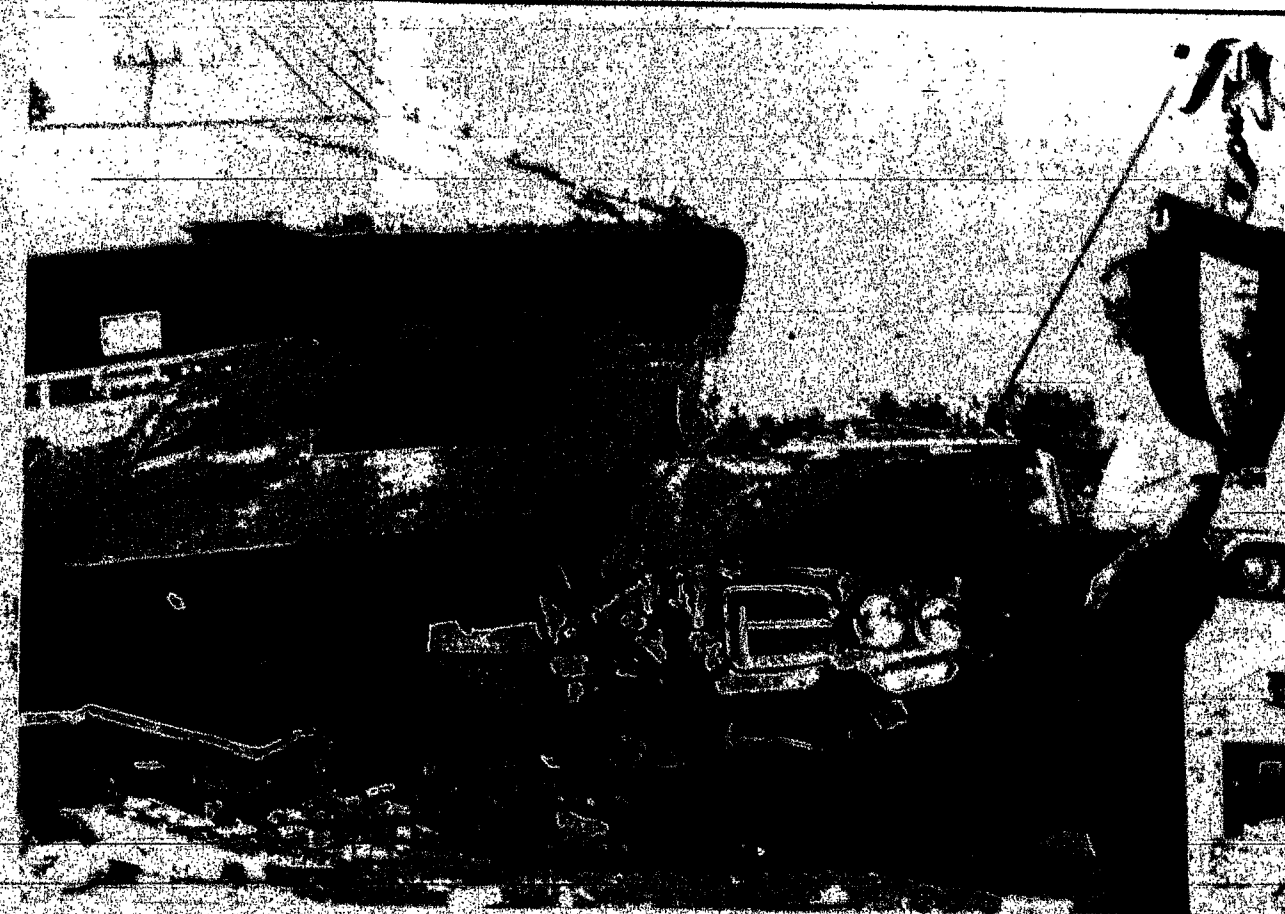

of Independence, Mo., in a 1971 Buick pulling a camper trailer, were struck by a 1972 Pontiac driven by Mrs. Jeanette Bourgeois, as the Crow automobile entered the highway. On impact the trailer jackknifed, falling onto the

Pontiac and trapping the three occupants within. Both the trailer and the Pontiac were demolished in the accident and highway traffic was obstructed for better than an hour as wreckers worked to free the passengers and remove the vehicles.

Riding in the Pontiac with Mrs. Bourgeois were Mrs. Susan White, 30, of Bay St. Louis and Miss Marion Lachner, 19, of Kiln. The three women were on their way to a beauticians school in Gulfport at the time of the accident, which occurred about 8:30 a.m. Four of the five persons involved were taken by ambulance to Hancock General Hospital where they were treated for injuries and released. Mr. Crow, 68, who was driving the Buick, suffered head lacerations requiring stitches.

Mrs. Bourgeois, 32, received face and arm bruises. Miss Lachner was treated for a leg injury and Mrs. White for minor bruises and cuts. Mrs. Crow, who was not injured, remained at the scene of the accident. According to investigating Highway Patrolman Clyde Hester, Crow was ticketed for failure to yield right of way as he was entering the thoroughfare into traffic.

Hester also said that Crow's camper trailer was not properly marked on the highway. Crow was ticketed for failure to yield right of way as he was entering the thoroughfare into traffic. Bay St. Louis police assisted highway patrol in controlling traffic.

## Welfare Help Given In Hancock

The State Department of Public Welfare handled 148,299 cases during the month of January 1972. Of this number 3,433 were Medicaid cases. The remaining cases were persons receiving assistance through one of the four public assistance programs. A total of \$8,782,435 in money payments was issued to the needy citizens of Mississippi.

Mrs. Frances S. Frankiewicz, director of Hancock County Department of Public Welfare, reports 435 checks were issued to Hancock County residents; 56 applications requesting assistance were filed and 14 new public assistance cases were approved for January.

A breakdown showed 33 persons received Medicaid benefits. In the public assistance categories 284 persons received an old age assistance check; 16 received an aid to the blind check; and 84 an aid to the permanently and totally disabled check. In the aid to dependent children category 91 checks were issued for 248 children in the ADC grants.

A total of \$28,535 was spent overall for public assistance. Of this amount \$15,591 went to persons in the old age assistance category; \$905 to blind recipients; \$5,538 to the permanently and totally disabled; and \$4,704 to aid to dependent children families. Director Mrs. Frankiewicz notes that the county child welfare cases and children in need of foster homes in Hancock County.

## Auditions Set For Coffee House

The Second Annual Gulf Coast Art Festival and Coffee House will be held at the Waterfront Hotel, April 14 through the 16th. The "Coffee House" provides continuous entertainment for the public and will be held three days during the festival.

In order to provide continuous entertainment, auditions are being held for individuals who are interested in performing. Auditions will be held at 7 p.m. on Tuesday, March 7, at the Bay St. Louis High School. In addition, talent auditions will be held by each of the Gulf Coast Junior Auxiliaries involved and interested persons may participate in any of them. For more information call Mrs. Nelson Semmes, talent chairman or Mrs. Nicholas Haas, overall chairman.

## NASA Official Visits MTF

Charles Mathews, Associate Administrator of NASA, Office of Applications, visited the NASA Mississippi Test Facility this week (Feb. 28) for discussions and to see the varied space and environmental activities under way at the Hancock County site.

Mathews was briefed by Department of Commerce, Environmental Protection Agency, Department of the Interior, State of Mississippi, Gulf Universities Research Consortium, and NASA officials. He was given a detailed tour of the NASA Marshall-Birmingham Laboratory and other areas of MTF now utilized for research in the space and environmental field.

## Loiacano Given State Jaycee Award

J. E. Loiacano, Bay Senior High football coach, received the Mississippi Jaycee's top physical fitness award over the weekend at the state convention in Pascagoula.

The Jaycees present the award to the man or woman in Mississippi who best promotes physical fitness in the community. Loiacano was given the local award by the Bay St. Louis Jaycees and represented them in state competition.

Loiacano originated and supervised "J.E.'s Gym", a sustained non-profit organization. The operation is designed to initiate young and old alike into a fitness program. He also spearheaded the first and only nationally competitive weightlifting team in the Gulf Coast. Present weightlifting team member Joseph Rhodes has recently won a national title and holds a World Record.

He has been director of the Bay St. Louis recreation department since 1968. More than 600 boys participate in the summer softball programs under the direction of the nominee.

Coach Loiacano is the head football and track coach at Bay St. Louis High School. His teams have obtained Gulf Coast Conference titles twice in track and once in football since 1970. In 1969 and 1971 he was chosen Coach of the Year in the conference.

## Data Buoy Tow Set For Today

Launched at DACO Industries, Biloxi, February 14, 1972 the first general dynamics design disc hulled data acquisition buoy to be instrumented and evaluated by the National Data Buoy Center (NDBC), Mississippi Test Facility, is scheduled to move to that location today.

James W. Winchester, Director MDBC, an agency of the National Ocean Survey, National Oceanic and Atmospheric Administration, has overall responsibility for the buoy, its instrumentation and operational placement.

Capt. Lescoe Givens, of the turbine tug Clemont, transported at MTF, will command the tow scheduled to cast off from DACO at 6 a.m. The buoy, when instrumented and positioned, will measure such data as surface winds, temperatures, salinity, humidity, pressure and wave action, and sub-surface information on water salinity, currents, temperatures and the sea.

Also attached to the buoy are a variety of scientific instruments. Gordon Brinkman and Clifford Lewis, technical representatives, General Dynamics, Electric Dynamics Division.

ference. For the past two years he has won the City Jaycee Bowl.

He has initiated an intramural football and track program for the Jr. and Sr. High. His weight lifting program for P.E. students and athletes has met with enthusiastic response. He has developed a physical fitness program according to the President's Council on Physical Fitness. He teaches and coaches 150 students.

**BAND BOOSTERS**  
Bay High Band Boosters will hold a meeting Monday at 7:30 p.m. at the Bay Junior High Band Room. All persons interested in the band are urged to attend.

**SLIDE PRESENTATION**  
Bro. L. S. Walker will show slides from his recent trip to the Holy Land at the Old Spanish Trail Baptist Church on Highway 90 on Friday at 7 p.m.

Coach Loiacano is the head football and track coach at Bay St. Louis High School. His teams have obtained Gulf Coast Conference titles twice in track and once in football since 1970. In 1969 and 1971 he was chosen Coach of the Year in the conference.

## Midday Show Will Focus On Local People, Events

CHANNEL 8 cameraman Bill Delgado films Midday hostess Terry Friedrich as she interviews interviews and features of Hancock County.

(Echo staff photo by Marileen Maher)

Midday hostess and producer of Midday and Channel 8 cameraman Bill Delgado were in Bay St. Louis Tuesday filming interviews with local people and events.

Mrs. Friedrich spoke with the local people and events. The program that was the city's first television show, "Midday," was produced by Mrs. Friedrich. It was a success and has been a popular program ever since. Mrs. Friedrich is a local resident and has been a part of the community for many years. She is a dedicated hostess and producer, and her program has become a staple of the local television scene.

## Supervisors Will Consider Engineering Firm Proposal

A New Orleans engineering firm presented Hancock County a proposal for a program of public improvements in the form of a resolution is printed in its entirety below.

**RESOLUTION** appointing de Laurel Engineers, Inc. as Consulting Engineers for Public

improvements. **WHEREAS**, the Board of Supervisors of Hancock County is aware of the need for public improvements, specifically, provision of Drainage, Water and Sewerage Facilities; and **WHEREAS**, it is desirable

and will be in the public interest to initiate action preliminary to and in preparation for provision of such improvements; **WHEREAS**, de Laurel Engineers, Inc. is a firm in public works and general employment in connection with the proposed works;

**NOW THEREFORE BE IT RESOLVED** that de Laurel Engineers, Inc. be hereby appointed as Consulting Engineers for the purpose of performing complete engineering services in connection with the work to investigate sources of funds for same, and generally to do and perform all work and deeds proper for such purposes.

**BE IT FURTHER RESOLVED** that the Board of Supervisors of Hancock County does intend to enter into a contract with de Laurel Engineers, Inc., Consulting Engineers, for the performance of complete engineering services in connection with investigations, studies, preliminary plans and report, master plans, detailed plans and specifications for construction, supervision and resident inspection for improvement of Public Facilities, specifically, Drainage Facilities for Hancock County and Water and Sewerage Facilities for Clemont Harbor, Kiln and Pearlgriffin.

**BE IT FURTHER RESOLVED** that the Hancock County incur no liability or responsibility for any work performed by said Engineers, from its general fund or otherwise by virtue of this appointment, their reimbursement to come solely from funds made available for that specific purpose, or as provided in the said contract.

**BE IT FURTHER RESOLVED** that the President of the Board of Supervisors of Hancock County be and he is hereby authorized, directed and empowered to execute the aforesaid contract on behalf of the Hancock County provided, however, that the contract shall be in accordance with the recommendations contained in Manual No. 46 of the American Society of Civil Engineers, with the approval of the Board of Supervisors.

The Board agreed to execute a contract to be drawn by Williamson and board attorney Noble Griffin, at the next meeting.

The new camp will serve the entire Scout Council area consisting of the 11 parishes in southeastern Louisiana and Hancock County, Mississippi. With over 20,000 Scouts now enrolled, Camp Salmen, the present Scout camp, cannot accommodate all the Scouts who want to attend. Through the Scout Camp Development Program, 1,500 acres of gently rolling land will be purchased in Hancock County, Mississippi. Since 1970, when Camp Salmen reached maximum capacity, hundreds of Scouts from the council area have not been able to attend Camp Salmen because space and facilities were not available. In 1971 alone over 100 Scouts were denied the opportunity for Scout camping in their council camp. Major features of the new camp will be a 100 acre spring and lake to permit complete boating and swimming programs, 14 troop sites with sanitation facilities, central showers, a troop service building with trading post and commissary, a health lodge, an outdoor chapel for all faiths, six activity shelters for inclement weather use, a camp ranger's house and office as well as an outpost camping area.

Camp Salmen will continue to serve as an area for the training of boy and adult leaders. Because it has a complete dining hall, Camp Salmen will have a particular appeal to Scout troops with younger boys who are not quite ready to do their own cooking, as planned at the new camp.

## Haas To Head Scout Drive

Additional story on page 5A

Norton Haas, Sr., will serve as District Campaign Chairman for the Scout Camp Development Program. The Chairman of the Mississippi Marine Conservation Commission will lead the Cypress District organization of the capital funds campaign for \$1,300,000 to build a new Scout Camp for the boys of the New Orleans Area Council, Boy Scouts of America, on 1,500 acres of land north of Salmen, in Hancock County.

The Campaign in Cypress District will become active on the first of March. The Scout Camp Development Program will seek support throughout the District which is made up of all of Hancock County and the southern portion of St. Tammany Parish, from individuals, corporations, commercial firms and foundations.

The new camp will serve the entire Scout Council area consisting of the 11 parishes in southeastern Louisiana and Hancock County, Mississippi. With over 20,000 Scouts now enrolled, Camp Salmen, the present Scout camp, cannot accommodate all the Scouts who want to attend. The Scout Camp Development Program is the first broad public appeal for funds to build a Scout camp in this area. The minimum need for the development of central facilities and the first camp is \$1,300,000. The 1,500 acre Scout reservation will allow for the future construction of additional camps to satisfy projected Scout camping needs well into the twenty-first century.

G. D. Henderson is Chairman of the Community Phase of the Scout Camp Development Program, and will coordinate the campaign of the 11 Scout districts of the New Orleans Area Council. Other members of the campaign cabinet: General Chairman James H. Jones of the Scout Camp Development program are: A. E. Jung, Jr., General Vice Chairman; Kenneth J. Barr, Treasurer; Roy J. Mossey, Initial Gifts Chairman; John G. Phillips, Primary Gifts Chairman; Michael P. Tranter, Major Gifts Chairman; William McCollum, Jr., Special Gifts Chairman; Jerry Romig, Construction Chairman.

## Your Public Schools

Friday at 7:30 p.m. at the Bay Jr. High Auditorium, the senior class of Bay High School will present a three-act comedy, "Our Girls." Directed by Miss Sharon McKenna, "Our Girls" marks a sharp departure from last year's acclaimed drama, "Ode Town." This year's play details the hilarious misadventures of the Lovejoy's, an American family that tries to convince their stuffy British aunt that their three teenage boys are actually girls. Why they attempt this, how they go about it, and what happens provide comedy at its best.

COMMENDATION INTRODUCED  
State Senator Martin Smith and State Representative Earl (Buck) Ladner Tuesday introduced legislation in both the House and Senate recognizing and commending Mrs. Arnette Giles of Pearlport for "her outstanding contribution to the county through voluntary community work."

Mrs. Giles was a recipient of the top award given annually by the National Center for Voluntary Action. President Richard Nixon made the award presentation last month at an Awards Banquet in Washington. Mrs. Giles was cited for her 50 years of work with retarded and homeless children as well as organizing a volunteer corps giving aid to the elderly.

## Fondren Running For Senate Post

State Representative Louis Fondren has announced his candidacy for the post of U. S. Senator in the coming senatorial race.

Fondren, who is District 48 representative for Jackson and George counties, resigned his position as Mayor of Moss Point in December to serve in the state House. He attended Yale University for two years, then was graduated from the University of Mississippi law school with an L. L. B. and Juris Doctor degrees.

He served in the U. S. Army Counter Intelligence Corps from 1955 to '57 and has been a practicing attorney since his separation from active duty.

Other public offices have included city attorney for the cities of Florence, Miss. and Moss Point, before being elected mayor of the latter city in 1969. He is a former chairman of the Moss Point Democratic Committee and is a member of the American Trial Lawyers Association, Phi Alpha Delta Legal Fraternity and both state and Jackson County Bar Associations.

In announcing his candidacy, Fondren said, "We now have two U. S. Senators with considerable seniority and nearing retirement. I am asking the voters of Mississippi to consider a younger man for the position who has seniority as well as

considerable experience in public office on local and state levels."

If he were elected, Fondren said, "Senator Stennis would become senior Senator and I would be building seniority for the state in the meantime. More than half of Mississippi's population is south of Highway 80 but neither of the present Senators resides south of 80."

"I think it befitting", Fondren continued, "that one Senator be a resident of south Mississippi. However, if I'm elected I would certainly try to represent every individual fairly and vigorously throughout our state."

The 40-year-old representative said that he will make a later announcement of the various planks in his platform. Fondren is married and has five children and one grandchild.

## Sodality Meeting

Sodality of Our Lady of St. Clare's Parish, Waveland, met last Tuesday afternoon in Costello Hall with Mrs. Marcus Elchorn, prefect, conducting the business session.

Reports were heard from Mrs. Adrien Chagnard, treasurer, Mrs. Maurice Puchot, corresponding secretary, and Mrs. Edward Canady, publicity chairman.

Monsignor John Scanlon, pastor, discussed Mississippi Today, diocesan newspaper, and asked all to renew their subscription or subscribe to the paper. Monsignor also asked that study clubs be formed during Lent.

The annual Parish carnival was discussed and dates for the event were set for August 5 and August 6 with a fish fry on Friday preceding the Fair.

New members, Mesdames Edwin Crowley, Edward Brennan and E. J. Bondani, were introduced.

It was announced the Sodality will sponsor a luncheon and entertainment from 1 to 3:30 p.m. the second Wednesday of every month in Costello Hall. Donation will be \$1.25.

The next luncheon is scheduled for March 8. A social hour with 25 members attending followed the business session.

### BASKETBALL GAMES

The Red Raider's junior high girls' and boys' basketball teams went to Kilm to play Annunciation on Feb. 24th. The girls opened the games, losing 30 to 14 to a more experienced team. The girls showed some teamwork at the first of the game and then slowed down. The boys game came next with Annunciation winning by the large margin of 48 to 16. The Raiders put on a rally at the last of the first half, but they lost their get-up-and-go in the second half.

## A doctor who operates on himself has a fool for a patient.

It's an old saying, but it's never made more sense. There are some jobs in life that you just don't tackle by yourself. The preparation of your income tax should be one of them.

And that's where H & R Block, The Income Tax People, come in. H & R Block is America's largest tax service with more than 6,000 conveniently located offices. H & R Block representative is specially trained and can provide information on legitimate income tax benefits and opportunities that the average man on the street doesn't even know exist.

For instance, do you know all about deductions for child care or casualty losses? Or that if your income increased over the last few years, you may save thousands of dollars overpaying? And even if you don't know how to begin your income tax, H & R Block will help you. And there's no real cost. H & R Block will come to your home or office to do your taxes. H & R Block will help you.

H & R Block's charges start at \$5 and last year averaged under \$12.50 for over 7 million returns we prepared. And, if we make any error in the preparation of your tax return that costs you any interest or penalty on additional taxes due, while we do not assume the liability for the additional taxes, we will pay that interest and penalty.

Our one time fee entitles you to year round tax service and assistance.

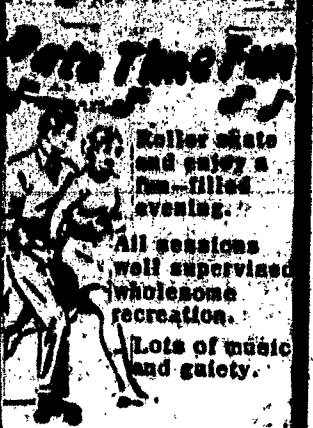

Come to the company that more than 7 million Americans placed their confidence in last year. Come to the people who will fill out your next income tax return efficiently, quickly, confidentially. Come to H & R Block.

DON'T LET AN AMATEUR DO YOUR BLOCKS JOB.

## THE FAMILY LAWYER

### Last To Die

Husband and wife both perish in an automobile accident. Suddenly, they die at the same time. Yet, if one has outlived the other even for an instant, that may make an enormous difference to their heirs. It may decide whether the husband's relatives or the wife's relatives inherit the estate.

Accordingly, in this "common disaster" situation, strenuous efforts are often made to figure out which of the two victims was the last to die.

In a recent case, double deaths occurred when a speeding truck rammed into the passenger side of a car. Both husband and wife died instantly.

But since the wife—sitting on the passenger side—had been struck first, a court concluded that the husband must have lived a fraction of a second longer. By this split second, the wife's relatives lost out on their claim to a share of the estate.

With common disaster becoming more frequent, many kinds of evidence have been found useful in deciding who died last. Anything from the position of the bodies to their physical condition may provide the telltale clue.

On the other hand, there may be no evidence at all, good enough to be trusted in the courtroom.

In another case, a mother and daughter were found dead of asphyxiation. The only "evidence" as to which one died last was that the daughter probably held out longer because she was younger.

But a court said this was plain guesswork, and turned down a claim put forth by relatives of the daughter.

## DEATHS

### WILLIAM O. JOHNSON

Funeral services for William Oliver Johnson, 60, who died at 12:55 p. m., Tuesday, February 22, at Biloxi Veterans Administration Hospital, were held Friday afternoon at Riemann-Fahey Funeral Home Chapel with Chaplain Paul Fry, Biloxi Veterans Administration Center, officiating. Interment was in Biloxi V. A. Cemetery.

Funeral services for Jim Burks, J. T. Sanders, T. J. King, Monroe Bryant, Jackie Eakes and Jerry Wilson. A self-employed interior decorator, Mr. Johnson was a native of Caruthersville, Arkansas. He was a veteran of World War II, serving with the U. S. Army and a member of the Methodist Church.

### PHILIP W. WEBER

Philip W. Weber, 66, died Wednesday night, February 23, at Gulf View Haven Nursing Home.

A native of Edgard, La. Mr. Weber moved to Bay St. Louis in 1966. He was a retired city employee.

He is survived by a brother, Frederick T. Weber, Bay St. Louis.

### MRS. M. BENVENUTI

Funeral services for Mrs. Mary Louise McCabe Benvenuti, who died Tuesday, February 22, were held Thursday morning from Riemann-Fahey Funeral Home followed by a Requiem Mass at Our Lady of the Gulf Catholic Church with Rev. George Kitchen, associate pastor, officiating.

Interment was in Garden of Memory Cemetery with Claude Vincent, Jerome Phillips, Toulame Netto, Wilson Weber, Nolan Ladner and M. M. Simpson Jr. as pallbearers.

### FRED C. JOHNSON SR.

Fred Carl Johnson, Sr., 63, a native of Kiln and a resident of Lakeshire, died at 1:15 p. m. Friday, February 25, at Hancock General Hospital where he

had been a patient for five weeks.

Mr. Johnson was a sewing machine mechanic and a veteran of World War II having served with the U. S. Army.

He is survived by his wife, Mrs. Edna Beasley Johnson, Lakeshire; a son, Fred C. Johnson, Jr., Waveland; a daughter, Miss Kay Johnson, Lakeshire; two brothers, Joseph Johnson-Lakeshire, and Roger Johnson, Gulfport; and a sister, Mrs. Blanche Garcia, Gulfport.

Funeral services were held at 2 p. m. Sunday from Riemann-Fahey Funeral Home Chapel with Rev. Rupert Matherson, First United Pentecostal Church, Waveland, officiating. Interment was in Lakeshire Cemetery. Pallbearers were Morris Fayard, Emmett Johnson, Charles Garcia, Harry Garcia, Jr., Rodney Andrews and Wayland Harrison.

### F. F. (PECK) COSPELICH

Felix Francis (Peck) Cospelich, 70, a native of Bay St. Louis and a resident of Gulfport for 53 years, was pronounced dead at 2:05 p. m. Sunday on arrival at Gulfport Memorial Hospital.

He was a retired plant engineer for Crystal Ice Company and a member of St. John the Evangelist Catholic Church.

Survivors include his wife, Mrs. Marie Faura Cospelich, Gulfport; five daughters, Mrs. Otto Price, Mrs. Wilfred Clark, Mrs. William Steele, all of Gulfport; Mrs. Charles Hagensee, Long Beach, and Mrs. Glen Brune, Ocean Springs; three sons, Cecil Cospelich, Long Beach; Archie Cospelich and Lou Cospelich, Gulfport; a brother, Casper Cospelich, Philippine Islands; 32 grandchildren and eight great-grandchildren. Funeral services were held Tuesday with a Requiem Mass at Riemann-Fahey Funeral Home, Gulfport. Interment was in Evergreen Gardens.

## Trumpets In The Morning

By Earl "Buck" Ladner

### A LETTER TO THE LORD

Dear Lord,  
I wanted to write you and let you know why we don't attend church regularly. I surely hope you'll understand.

Then, too, my family demands a big dinner, and when I get up so late I can't get all this prepared and make it to Sunday School and Church. John likes to read the Sunday sports page thoroughly and kids want to read all the comics.

### County Agent's Notes

DAIRY PROFITS  
It is your profit that suffers when you take short cuts in milking. Regularity and extra care in milking will result in higher profits and help keep the cow healthy and productive.

I mean no disrespect, but it seems you have picked the wrong day.  
Then, too, we must think of John: he works hard all week and Sunday is about the only day he has to catch up on jobs around the house. I also feel that he should have one day a week to sleep, fish, or golf.

### STATE REPRESENTATIVE

#### HANCOCK COUNTY

This past week I introduced a bill in the House of Representatives that would amend Section 6294-31, Mississippi Code of 1942. This section deals with people teaching prior to 1952. Until 1952 a person teaching in public schools in the state of Mississippi had to have 30 years of teaching experience in order to retire. My amendment would make any person teaching in public schools for a period of 15 years eligible to draw a minimum retirement.

I wanted to tell you these things so that you could see our viewpoint, and know that it is really not our fault we do not go to church on Sunday.

### FORESTRY NOTES

The outlook for markets for our forest products is bright. In the last year or so, we have seen increases in demand reflected in increased stumpage prices. This makes investment in timber management more attractive.

With good management, our forest lands are capable of producing two or three times its present production. And the South will increasingly become the wood box of the Nation. It all looks good.

### SMALL GRAIN WEED CONTROL

Yields of small grains—wheat, oats and barley—are often reduced by competition from broadleaf weeds.

On Saturday, March 4, from 9:00 a.m. to 10:00 a.m. I will be at Scaffold's Wheel Inn Restaurant.

### A GOAL: TO BE OUT OF DEBT?

Being out of debt is a good feeling. Unfortunately many persons have a difficult time paying all their bills when they come in.

Get family cooperation on keeping "fixed expenses," such as house payments, food costs, utility payments, and similar costs as low as possible.

### A THOUGHT

Doing the right thing at the right time is called good management. There is no doubt that the right thing at the right time is called good management.

Keep on working to insure success.

## Our readers write

Dear Sir,  
Your editorial of February 17, "I-10 THREAT IS FOR REAL" is one that speaks of gross ignorance and bigotry, however, I am willing to overlook this once if you promise in the future to be more factual and honest. You see, I am stuck with almost a year left on my subscription, and my conservative Scottish blood won't let me throw it in the garbage can. Anyway, I believe that everyone is entitled to one small boob.

If you analyze the above you may feel insulted but I assure you none was intended. My idea

## Social Security

The social security office located in Gulfport has been moved from 1022 - 32nd Avenue to 2016 Pass Road, Gulfport, Miss., according to an announcement made today by Walter H. Hobbs, District Manager. He stated that the office will continue to provide all the services previously provided and will continue to offer service to the residents of Hancock, Harrison, Pearl River, and Stone Counties.

The office will be open from 8:30 a.m. to 4:45 p.m., 5 days per week, excluding national holidays. The telephone number has been changed and is 468-1323. The direct line from Piquette is still 794-7623. Mr. Hobbs urged the residents of the counties involved to make a note of the change of address and the new telephone number. He emphasized, however, that most social security matters can be processed by use of the telephone. Thus, it is not necessary for the residents to visit the office to file an application or to get an answer to their question. Time can often be saved by calling before you visit the office.

One important change has been made in the service which has been provided to the residents of Biloxi and this is the closing of the contact station which has been located in the Biloxi City Hall for several years. The contact station will be closed after the visit on Friday, February 25, 1972, because the new office is now located half-way between the cities of Gulfport and Biloxi. Mr. Hobbs stressed that the employees of the Gulfport office are always ready to provide service to anyone who might have a social security problem and no charge is made for any service provided.

Best wishes,  
J. Byron Eakes

## Busy Bees Observe Arbor Day

Our Lady of the Gulf Bee Bee Junior Garden Club, under the direction of Mrs. L. H. Ott, planted a tree last Thursday in the shrine of Our Lady of the Woods to commemorate the 100th anniversary of Arbor Day. Patti Favre was flag bearer for the occasion. Mrs. Ott told of the origin of Arbor Day and discussed the need for planting trees, not only for beauty, but as a means of helping solve the pollution problem. Elizabeth Spratley read a poem appropriate to the occasion. The ceremony closed with a prayer. Others taking part were:

## POLICE REPORTS

Bay St. Louis Police answered 60 calls in the week of February 22 and March 1.

There were eight automobile accidents reported, with no injuries recorded.

A truck jackknifed on the Bay bridge, temporarily obstructing traffic Friday, and later the same day, Ptn. Harris Boudreaux assisted Highway Patrol in an accident on Highway 90 and Dunbar Ave.

Saturday, Ptn. Dorsey and Ladner investigated a two-car collision on Blue Meadow Rd., another in Winn-Dixie parking lot, and Ladner assisted the sheriff's department with a collision on Blue Meadow Rd. and Joe's Bayou Rd. the same day.

A three-car pileup Monday at the intersection of Highway 90 and Main St. obstructed traffic for about 30 minutes, with none of the passengers injured. Ptn. Favre and Boudreaux investigated.

Chief Goodsell and Asst. Chief Williams responded to a call concerning a two-car collision at the intersection of Old

Spanish Trail and St. Francis St., also on Monday. Tuesday, Williams and Ptn. Ellis covered an automobile accident involving minor damage and occurring at the intersection of Highway 90 and N. Beach.

A theft was reported by the resident of 108 N. Toulme St. in which canned food and a gallon of kerosene were taken. The burglary was discovered Thursday.

Police are requesting that anyone having knowledge of two bikes stolen last weekend please call the police department. One is a green English three-speed racer, and the other is a gold Sting Ray with a gold and black seat.

Five members of the Bay police department were involved in the apprehension of two persons charged with the theft of four television sets from Demoran's Television Service on Union St.

A call from a local resident lead to the discovery of the stolen televisions. In the possession of Danny Lee Smith and Jean Smith, both 32, of Bay St. Louis. Both Smiths are being held in the county jail on charges of breaking and entering and theft. Their two children, age two and ten have been taken into custody and placed in a local nursery.

Police Chief Goodsell and Asst. Chief Williams were assisted in the investigation by Ptn. Ellis, Ladner and Dorsey.

## Camp Development Campaign Underway

Boy Scouts of America district officials met Tuesday night with local public officials and business leaders in Bay St. Louis to firm plans for the Scout Vee-Bar Camp development campaign in Hancock County.

Campaign workers with Norton Haas, Sr., district chairman, were shown a promotional film and discussed campaign tactics for development of the 1,500-acre camp situated about 20 miles northeast of Bay St. Louis.

Yu V. Melton, District Scout executive, and Jimmie D. Gibson, Field Director from New Orleans, told the gathering that there has been an average of 200 boys a week at the camp

since its purchase in January of last year. Camp facilities suitable for year-round use are under construction now by National Guard companies in cooperation with Boy Scout Council headquarters in New Orleans.

Haas said the mammoth Scout reservation will be of value to Hancock County not only for the many area scouts who will enjoy the facility but the increased revenue potential through families and friends of scouts who will be traveling to and through the county.

Campaign workers will meet for a kickoff breakfast this morning at Scaffidi's Wheel Inn on Highway 90.

MARIJUANA, three to four pounds of it, was found at a home in the Catahoula Community. Investigating officers looking over the two bags of marijuana are, from left to right, sheriff's deputies Fairley Nockles and James Ladner; Beat Four Constable Sam Pernickaro and Hancock County Sheriff Sylvan Ladner.

## Hancock Bank Names McDonald To Board

Leo W. Seal Jr., president of Hancock Bank, announced today the election of John J. McDonald, Bay St. Louis, Joe F. Boardman Jr. and Roland Weeks Jr., both of Gulfport, to the bank's Advisory Board following the 73rd annual stockholders' meeting which was held in the lobby of the main office in Gulfport, Wednesday night (Feb. 23).

Seal stated that "We feel the addition of these gentlemen will materially add to the policy-making level of the bank's management team for all purposes wide and varied business experience. The fact that Messrs. McDonald and Boardman are long-time Coast residents, while Mr. Weeks is a relatively newcomer to the area, should further supplement the thinking and decisions of the board."

Mr. McDonald is a partner and co-owner of W. A. McDonald & Sons, wholesale and retail suppliers of building materials, furniture, hardware, tobacco and candy, and president of McDonald Realty Co., builder of single unit, duplexes and subdivisions. He served several years as director and president of Peoples Federal Savings and Loan Association in Bay St. Louis. Well known in Coast yachting circles, Mr. McDonald has

served several terms as a member of the board of governors and flag officer of Bay-Waveland Yacht Club. A world War II veteran, he holds a commission as Lt. Commander, USNR (retired). He is past president of the Bay St. Louis Rotary Club, former chairman of the Official Board of the Methodist Church, a trustee of Gulf Park College and is a former king of the Coast Carnival Association.

Mr. McDonald is a member of the Methodist Church, Pass Christian Isles Golf Club, Pilmsoll Club in New Orleans, Bay-Waveland Yacht Club and is vice-president of the Metropolitan Dinner Club of the Mississippi Coast.

His wife, the former Miss Iva Mae Pilcher, was a member of the Gulfport College faculty and is active in the Gulf Coast Debutantes Association and the Merry Maskers - Carnival Association. They have two daughters, Ellen and Nancy.

Mr. Boardman is president of Coast Materials Co., a supplier of ready-mixed concrete on the Coast since 1944. He attended Gulfport City schools, Mississippi State University and was graduated from the University of Southern Mississippi.

Mr. Weeks is president and general manager of Gulf Publishing Company, Inc., publishers of the Daily Herald. A native of Charleston, S.C., he attended The Citadel and received his B.S. degree in industrial management from Clemson University. He served as an officer in the Air Force and holds the rank of Captain, USAF.

He joined the State-Record Publishing Company in Columbia, S.C. in 1963, and in 1968, when the Daily Herald was purchased by the State-Record Company, was made general manager of the Herald.

In other action, all of the bank's board and advisory directors were re-elected: Robert R. Allen, Pass Christian; George E. Estes Sr., Gulfport; R. P. Fant, Gulfport; Haze French, Hattiesburg; W. Ray Gordon, Waveland; H. H. Jones, Gulfport; L. A. Koonen Jr., Long Beach; Basil Noble Jr., Gulfport; Robert M. Riemann, Gulfport; Dr. C. D. Taylor Jr., Pass Christian; A. J. Watson, Gulfport; Donald E. Satter, Tom W. Milner Jr., and Leo W. Seal Jr.

A moment of silence was observed in memory of L. P. Sweatt, chairman of the bank's board of directors from 1963 to 1971, a member of the board since its early 1960s.

In his remarks to stockholders, Mr. Seal said "the year 1971 was another good year for the bank, though it was characterized by a search for a more normal

growth pattern than the two very unusual years we witnessed in 1969 and 1970."

He said the bank is vitally interested in the economy of the Gulf Coast and this year's annual report features some of the recreational and tourist attractions as a salute to the tourist industry.

"Hancock Bank feels that no stone should be left unturned in efforts to further promote these and other attractions which bring so many visitors to our shores," Mr. Seal said.

Outlining the bank's growth during 1971, he pointed out that total resources have increased from \$107,000,000 to more than \$121,000,000. He reported that new drive-up facilities were constructed in downtown Gulfport during the year, and more drive-up windows are now being added at the Pass Road, Norwood Village and Long Beach branches.

"New computer equipment has been acquired providing a capacity four times greater than the original equipment, and he said that the mortgage banking, personal loan, audit credit and travel departments in Gulfport have been remodeled and expanded.

New services offered during the year, he said, include free student checking accounts, a full-time investment department and a correspondent banking department. Mr. Seal also said that the three-week guided tour of Europe last spring, under the bank's travel department proved so successful that this has become an annual affair. He said an additional tour to Greece and the Greek Isles is being planned for March. The travel department was also named Mississippi Coast Sales Agent for New Orleans Saints football tickets, he said.

In behalf of the board of directors, Mr. Seal expressed appreciation to the customers, stockholders, officers, supervisors and staff for their loyalty and efforts which have made the bank's growth and success possible.

After the meeting, stockholders were invited to tour the Gulfport building. Refreshments were served in the Binnacle Room, the bank's private dining room on the 8th floor.

## Two Arrested On Drug Charge

Two Hancock County residents have been arrested for possession of narcotics following a month-long investigation by the Hancock County Sheriff's Department. Marshall Ellzey Jr., 30, was in the Hancock County jail at the time of his arrest, pending trial on an assault and battery with intent to kill charge. Ellzey waived a preliminary hearing on the narcotics charge and was bound over for grand jury action. Also arrested was Mary Trice, 39, who waived a hearing and was released on \$2,000 bond.

Three to four pounds of marijuana were found in a house in the Catahoula Community belonging to the Trice woman.

Sheriff Sylvan Ladner explained that Deputy Lathan Garriga, Constable Willie Lee and Special Agent Ronald Peterson had been investigating Ellzey after receiving information that he was dealing in narcotics. However, it was not until this week when Ellzey was

called that a thorough search of the Trice house could be made. Investigating officers included Sheriff Ladner, Deputies James Ladner and Fairley Nockles and Beat Four Constable Sam Pernickaro and Will R. Mitchell.

The marijuana was turned over to the State Narcotics Bureau.

## Community Mental Health

by RAY COXE COASTAL MENTAL HEALTH CLINIC

All of us as parents are very much concerned with the physical and emotional well-being of our children. We want our children to have a happy and instructive childhood that will enable them to become well-adjusted adults. However, most of us as parents run into at least a few problems along the way toward this ideal. Some of these problems result from unfortunate and unavoidable events, such as the death of a parent, while others may result from our own limitations in knowing how to help in our children's development.

It is important to realize that a child's personality development begins in early infancy and that his successful assimilation of a number of well-defined social stages can provide a firm basis for withstanding the problems encountered later in life.

A child's first important relationship in life is with his mother or a mother-substitute. The consistent quality of the mother's relationship in meeting the child's needs during this stage will later enable the child to develop adequate feelings of self-worth and a secure identification. Unsatisfactory experiences in infancy, such as the loss of mother or inconsistent handling, may lead to the development of a basic feeling of mistrust. Feelings of mistrust result in excessive anxiety, over-dependency, or a fear of depending on others. One of a child's first social achievements is his willingness to let his mother out of his sight without excessive anxiety or anger, based on an inner trust that she will return.

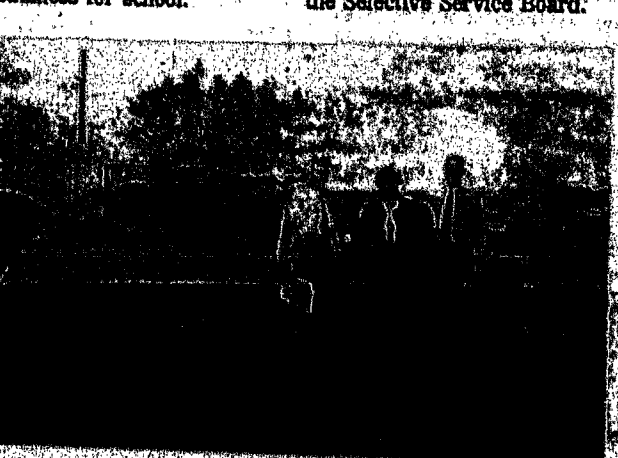

The next few years of a child's life (ages 2-6) include an expansion of his identification and his activities before beginning school. The father and mother, as well as brothers and sisters, begin to take an increasingly important part in the child's life. Toilet training and other forms of self-help skills are emphasized in this stage of development. The child becomes curious and exploratory in his relationships with his surroundings, other people, and himself. At this stage of development parental demands should be based on the needs and capabilities of the child. Such demands or limits should be flexible and not overly restrictive. If the child is able to fulfill comfortably such parental demands, he will

develop the satisfaction that he is able to please others. However, if demands are inflexible or limits are too high for the child's capability, he may emerge from this stage with a sense of shame or doubt and feelings that he is unable to satisfy the wishes of others.

During the years of four and five the child's world begins to expand beyond the realm of the family. New experiences along with the development of language expand a child's imagination and curiosity. Curiosity about sex, the origin of persons or things, and the establishment of a conscience all occur within this stage. If the child is encouraged to explore his real world, his imagination, and his emotions, he may emerge with a feeling of initiative. However, if experiences are handled in a secretive manner of the child's natural curiosity is restricted, he may develop feelings of guilt.

A child who has developed a basic feeling of trust, self-sufficiency, and initiative, and who has been encouraged and guided by his parents to develop his capabilities, should have a firm basis for an "entrance into life" - in particular, school life.

Next article - determining readiness for school.

## Hancock Hawks Take Class A Division

BY  
RANDY SHAW

The Hancock North Central Hawks proved they are number one by winning the Southeast Mississippi Class A Division last week at Northeast Lauderdale.

Wednesday night the Hawks took a 21-17 first quarter lead over Orléans and kept going to defeat Orléans 57-43. Orléans' Cuyas and Danny Martin each got 18 points and Wayne Cuyas and Kenny Seals got 12 each for the Hawks. Adrial McKenzie led

Orléans with 18. Friday night the Hawks had come from behind to defeat North Pike 72-71. Hancock led North Pike 20-16 at the end of the first period, but Pike came strong in the second period to tie the score 32-32 at half time and led going into the final period 51-49. The Hawks came strong in the final period to lead 72-71 with eight seconds left. Pike attempted three shots within five feet of the basket, but just could not make it go in to give the Hawks the well earned 72-71 victory. Jamlo Ladner led Hawk scorers with 26,

23, followed by Danny Martin with 16, and Orléans Cuyas and David Necales with 12 each. Jamlo Johnson led Pike with 26 points.

Saturday night the Hawks had to fight for their lives as Northeast Lauderdale led 22-15 at the end of the first period. The Hawks were behind as much as eleven early in the second period but started pouring the coal on to lead 40-38 at halftime and 61-54 at the end of the third period. Lauderdale outscored the Hawks 21-15 in the final period but it wasn't enough as the Hawks took the game 79-75. Orléans Cuyas netted 22, Kenny Seals 18, Danny Martin 13, and Jamlo Ladner 12 for the Hawks. Earl Lewis led Lauderdale with 26.

Orléans Cuyas, Kenny Seals, and Danny Martin represented Hancock on the South A all tournament team.

They carry a 33-1 record into the "class A" tournament in Forrest Hill when they meet Oxford Friday night at 8:15. Hancock is the only team from District 8.

## Program Given 365 'TIPS'

Earl Riley, Executive Director of the Mississippi Coast Crime Commission, has reported that 365 "tips" have been received through the "Turn In A Pusher" program, initiated on November 19, 1971. Riley said that 20 arrests of alleged drug pushers in the three coastal counties can be attributed to this program.

The attention focused on this program by the general public and especially by law enforcement agencies is directly responsible for its success. It should be recognized that the investigation of the illegal traffic in narcotics requires special qualifications, expertise and techniques, and it is these instances that are the most difficult to handle.

"While this formula does apply to most narcotics investigations on the Gulf Coast," said Riley, "we believe we would be remiss in not commending the Director of the Narcotics Unit of the Gulfport Police Department, Glen McQueen, and his associate, John Daniels, for their participation in making 31 arrests involving illegal narcotics since January 1st.

"The successful elimination, however, of the illegal drug traffic is not the sole responsibility of the narcotics investigator. There must continue to be the cooperation of the public and total involvement and dedication in the process."

These offenders following conviction. We feel that the law in this area should be strictly applied. "We are profoundly cognizant of the fact that each case must be judged on its own merits. But, we are aware too, that available statistics reveal that 85 percent of those arrested are "repeaters". Recent information has revealed blatant and boastful threats on the lives of police officers here on the Coast. We believe it to be entirely reasonable to presume that in the case of "repeaters" and known offenders that their release on low bonds and bail and extended sentences will be costly to the community."

Investigative files have provided the basis for the initiation of an investigation. We expect to hear of a considerable number of arrests from the remainder of tips provided to date.

"An investigator assigned to a narcotics detail," said Riley, "is usually an especially trained, talented and gifted individual, and he is singularly motivated to eliminating the tordid drug scene. His personal sacrifices, over and above the call of duty, are enormous.

"His personal responsibilities to his family suffer greatly because the character of the investigations demands his personal attention around the clock.

## Let an Electric Dishwasher Do your Dirty Work!

The task of washing dishes frequently is the only reward given to the person who has prepared a delicious meal. One solution to this shameless situation is an electric dishwasher—one of the greatest labor-saving appliances ever developed. Just put dirty dishes, glassware, silverware and cooking utensils in. Add soap powder and set the automatic switch. Then join in the family's after dinner pleasantries.

Everything comes out clean, dry and sanitary. And it's all made possible by clean, flameless electric power. An electric dishwasher saves time and energy—and keeps your pretty hands out of hot water!

Enjoy the economy of an automatic electric dishwasher. Next to an electric range, it's the cook's best friend!

Electricity—the cleanest energy you can use.

MAIN OFFICE, HWY. 90 - BAY ST. LOUIS

Another beautiful weekend has passed with no rain. The weather was on the cool side in the mornings with warming up trends during the day and cooler again at night.

The waters are clearing up most everywhere and both salt and fresh water fish were caught. Some speckle trout were gotten out along the railroad bridge, at the College pier and at American Legion Pier with other salt water fish. The college students had a ball catching the speckled beauties.

As for bass some were caught at different spots especially in the Pearl River area, Black Bayou and Mills Bayou where the barracades were removed last week. Middle River ramp was a busy place with sportmen from New Orleans, Slidell and the Gulf Coast, fly fishing, casting and even still fishing for bass and perch. Those hunting neutra had profitable kills and those going after catfish caught them on set lines and trout lines.

According to Pat Toomey, one of our local game wardens, all hunting is over except for racoons which can be hunted the year round only with dogs and sticks.

All trapping ended on March 1st and all traps must be removed by March 2nd. Some trappers said they had a pretty good trapping season.

Seen Sunday after green trout and perch were John Scaffie, Sr. and Curtis Matherne; Alden Mauffray and Kenneth McCarty, Yours Truly and Ray Garner. All were fly fishing. Ray caught a 4-pound bass of which he is justly proud. He hit like nobody's business, he said. Plenty others were out too.

Among the best lady fishermen is Mrs. Grace Ann Bordage. She loves to fish and goes regularly. Has been making some wonderful catches of perch and bass lately.

The following was sent in by one of our readers. Think it is good.

This is what would happen if you were convicted of drunken driving in the following countries:

**AUSTRALIA**—The names of drivers are sent to local newspapers and printed under the headline, "He's Drunk in Jail."

**MALAYA**—The drunk is jailed; if he's married, his wife goes to jail also.

**SOUTH AFRICA**—The driver is given a ten-year prison sentence, a fine of \$2,000, or both.

**TURKEY**—Drunk drivers are taken 20 miles away by the police and forced to walk back under escort.

**NATIONAL WILDLIFE WEEK** MARCH 19-25, 1972

The 35th Annual National Wildlife Week, sponsored by the National Wildlife Federation and its state affiliates, will be held next month.

The Mississippi Wildlife Federation, its officers, directors and membership will be working to make the week of March 19-25 a special and important one to the entire State.

An outstanding feature of Mississippi, in comparison with other states, is the extremely high percentage of its total population who actively participate in outdoor recreation. For example, nearly 700,000 hunting and fishing licenses will be bought this year. Many thousands who neither hunt nor fish also enjoy other forms of outdoor recreation. Swimming, hiking, bird watching, boating

favorite pastime, fishing. Johnny has been a fisherman for many years.

We have been informed that red fish and croakers are being caught down Cedar Point way, off the seawall. Dead shrimp is all that is needed to catch them.

We are in March. About time to get soft crabs and flounders. Better get out the old light, repair and check it. A new generator is a must if you want the light to give best results.

Have had several complaints about setting woods fires at the mouth of Jordan River and in Jordan River Estates. These fires must be set for some reason. They are detrimental to wildlife, rabbits, quail, rails and song birds are destroyed. Few animals can escape from a forest fire. Something should be done toward those starting these fires. Any fire is also dangerous to setting fire to homes, boats, etc.

Jim Rada and his wife Edith are both ardent fishermen. They do mostly fly fishing and casting. Catch their share of fish, too. They spend a lot of time in the outdoors.

The Pass Christian Harbor is a busy place these days with hundreds of boats with their occupants longing for oysters.

The oysters are not too big but rather salty. A bushel of oysters cost \$4.00, should be pretty good. Sportmen leave from the same piers to catch fish out on the reefs nearby. Right now croakers, red fish, sheepshead, speckles and other salt water fish are being caught. There is a launching ramp in the Harbor for the use of all. From now on fishing will be good at this spot. If you use artificial bait, good. If one uses shrimp locally they are selling for 90 cents a pound. They are fresh shrimp when they have them. Frozen shrimp will do in a pinch.

Been seeing a number of snakes swimming the bayous lately. The warmer weather must be bringing them out. It is a good idea to watch for them when walking in the woods or wading in shallow lakes and streams. Most of them hereabouts are of the poisonous type. One safety first is to carry a snake bite kit in your tackle box or camping outfit.

Mr. and Mrs. Dan Haggerty and Eileen dropped in Sunday on their way home from down on the coast. No time to go fishing. Will be over soon to do that.

Carlos Laidner is again a sea-going man. He goes out on crew boats and does some deep sea fishing when off duty.

Donald Manieri was visiting here over the weekend. Donald was mingling with friends.

Haven't heard anything about soft crabbing but will soon now that March is here.

It is said: A man about town is

most always a fool about women!

Carmen Ramirez specializes in catching green trout. He goes on every occasion. Carmen gets his share of big ones, too.

Elliott Giveans lives at Pearlington. He fishes a plenty. Has been catching bass for many years in that neck of the woods. Elliott is one of the old timers at that sport.

Quail and rabbit seasons closed on Monday. Quail hunters reported a very good year on the prized birds. Rabbit hunters also claimed to have had a good season on the bushy tails. Most sportmen will go back to fishing for their pastime.

Another way to cook green trout is to barbecue them. Gut the trout, don't scale them. Split open, and season them. Mighty good eating.

Quite a few folks were trying for bass and perch in Ted Lyman's Lake. Perch are beginning to strike. They were catching a few on earth worms and the flyrod. Mostly big Blue Gills.

Things to look forward to: Crayfishing, frogging, soft crabbing, floundering and The St. Patrick's Day Parade in

Wayland. In March the four seasons are usually at their best. The parade will be a most interesting one. Formulated to make it the best yet. More about the parade in next week's column.

The old saying goes: "Lady who wears strapless gown worry not about cost, but upkeep."

The dump down on the seawall near the Jackson ridge is closed to dumping trash there. Found out after an unsuccessful trip.

For those who fish Black Bayou, Mills Bayou and other

fishing spots down Middle River, be advised that the Mississippi River Commission has removed the barracades from the river. This means that the river is now open to the Gulf of Mexico. This means that the river is now open to the Gulf of Mexico.

MOBILITY ACTIVITIES: Activities for the March 1972 Mobility Activities will be held on March 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 1972. ## A Search for Understanding

# America

A democratic republic has been called the only form of government that is founded on the dignity of all men, not just a few. As the U. S. approaches the 200th anniversary of its "experiment," the concept of liberty for all men under the law still cannot be taken for granted. Our freedoms continue to need nourishment, safeguarding and above all understanding.

## Star Student, Teacher Named At Bay High

Benton Cain, of Jackson, chairman of the Mississippi Economic Council's Student-Teacher Achievement Recognition Program, announces that Leslie M. Fillingame, senior at Bay Senior High School in Bay St. Louis, has been selected as the school's Star Student. The selection was based on the student's high scholastic average for the first semester and high score on the American College Test.

WILLIAM MCQUEEN

son of Mr. and Mrs. James A. Fillingame. He is interested in law and plans to attend Pearl River Junior College and the University of Mississippi. He is a member of the National Honor Society, president of sophomore class, vice president of junior and senior class, vice president of junior and senior class, vice president and president of Spanish Club, Junior Class favorite, and Mr. Bay Senior High.

LESLIE FILLINGAME

William Douglas McQueen was designated the Star Teacher. Each Star Student was asked to designate the qualified Mississippi teacher, regardless of grade taught, who, in the Star Student's opinion, made the greatest contribution to his or her scholastic achievement.

Both the Star Student and Star Teacher will receive framed certificates from the MEC, the State Chamber of Commerce. These awards will be presented at a student assembly.

Leslie M. Fillingame is the

## City Directory Now Available

Talmadge Rayborn, executive director of the Hancock County Chamber of Commerce, reports that the new 1972 edition of the Bay St. Louis and Waveland City Directory has just been released. This reference work, published by R. L. Foltz & Company of Richmond,

Virginia, is now being delivered to subscribers.

The directory, stated Rayborn, contains a wealth of factual information that is almost indispensable to business and professional people. With the Directory in your possession you have at your fingertips a record of every adult resident and business concern in the area. This information, explained Rayborn, is valuable in verifying information, contacting customers, locating sources of supply, improving collections and planning delivery routes.

Mr. and Mrs. Elmer E. Boyd of Houma, La. visited over the weekend with his mother Mrs. Carmelite Saucier who is recuperating at her home from recent eye surgery.

Julius G. Schwall celebrated his 65th birthday at home with his family February 29.

Nellus Rhodes Jr. of Jackson, Miss. visited last weekend with his parents Mr. and Mrs. Rhodes Sr. He also participated in the Knights of Columbus bowling tournament in Biloxi. The Street and Avenue Guide including telephone numbers, homeown symbols and Zip Codes followed by the Numerical Telephone Directory. This section lists telephone numbers in progression, which helps to identify an anonymous caller when only the telephone number is given. There is also a Rural Route Directory listing 1,547 rural route residents with their route and box number.

Mrs. Carl Marshall of New Orleans is visiting this week with her sister Mrs. Alice Dupiquier.

The directory is a true record of Bay St. Louis and Waveland and their growth and progress.

UDELL FAYRE, one of the 100 Finalists in Pillsbury's Bake Off to be held in Houston, Texas, February 25-29, is shown with the stove she received as one of her prizes. The G.E. Americana model was delivered Tuesday by David Clark, right, General Electric representative from New Orleans, and Emmett Demoran, left, local G.E. dealer.

**Quality Plumbing And Heating Inc.**

Freddie Leunberger - Owner

The Quality Plumbing and Heating, Inc. located at 2235A Pass Road in Hattiesburg, phone 866-3731, knows the plumbing and heating business thoroughly. They don't "guess" at your problems - they "know" the answers. They are men who understand all phases of this work and they keep up with the

latest equipment and maintenance problems. They stand behind their work and will do a job in the shortest time possible. They offer you the best in plumbing and heating fixtures and installation, both commercial and residential. Repair jobs are given prompt attention at a fair price.

You will like their employees and find them courteous and efficient. If you want to do business with someone you can trust, be sure to call them first. The readers of this 1972 Town and Country Review could find a more competent contractor, but you can't find a more honest one.

**Morgan Glass**

John K. Morgan - President

This firm, located at 1621 29th Ave. in Gulfport carries everything in the way of plate glass, mirrors, and window glass. They have the most up-to-date mirrors for console, buffet and many other uses; store front glass either double strength or plate. They will cut it to any desired size and fit it for you. They are equipped to cut glass most efficiently and

employ only skilled personnel. They feature only the highest quality glass. If you need a call, they will gladly make an estimate for you. They specialize in insurance claim work. Service is one of the guiding influences of this firm. The people and merchants alike have learned this and rely upon them for

superior qualities in glass and supplies.

In compiling this 1972 Town and Country Review, the editorial staff, wish to congratulate the Morgan Glass Co., Inc. for a courteous and dignified loan service. They are strictly confidential with all interviews and information. See them for your loan. We know you'll be glad you did.

**Hewes Brothers Department Store**

Featuring new, exciting fashions for Spring for the entire family, the Hewes Brothers Department Store located at 1310 26th Avenue in Gulfport, phone 864-5452, has long been known as this section's leading clothing department store. Visit them on your next shopping trip.

This merchandising center offers highest quality in ladies', mens', and children's apparel thus aiding all in this community by enabling them to

keep well and fashionably attired in distinctive clothes.

People of every class have found that clothes from this store are made of the best materials and very modestly priced. They make a specialty of catering to those people who wish to dress in the modern fashion that present-day business and social activities demand.

We, the writers of this 1972 Town and Country Review, make particular mention of this well-liked, well-managed store.

**Watkins Olds-Cadillac Company**

The '72 Oldsmobiles are now on display at Watkins Olds-Cadillac located in Gulfport at 1708 26th Avenue, phone 864-4104. You'll like the changes you see in the showroom and the ones you feel on the open road. There's the 'Delta 88 Royale, for instance. Its G-Ride system delivers an exceptional ride and handling thanks to super shocks and computer-matched springs and Delta 88 now includes more of what you want as standard equipment. The Cadillac Supreme, the "Little

Limousine," is priced within your reach. What a step up that will be to your own prestige.

The Toronado is the one personal luxury car that puts it all together in quite a different way. Toronado's Rocket V-8 power is centered in the front wheels to pull the car over the road with superb traction, side and handling.

Here they also feature "The Standard of the World," the Cadillac, truly the finest in

prestige automobiles.

In this 1972 Review, the editorial staff, wish to congratulate the Watkins Olds-Cadillac Company for a courteous and dignified loan service. They are strictly confidential with all interviews and information. See them for your loan. We know you'll be glad you did.

**Gulf Coast Steel**

C. W. Shaw - Owner

Gulf Coast Steel is located at 2611 28th Street in Gulfport. Phone 864-0634. If no answer, call 863-4415. They do light fabrication, burning, pipe welding, trailer repair and ornamental iron work.

This firm specializes in complete welding service. Their slogan could be "Welding anytime anywhere."

This company is one of this section's best equipped welding

shops receiving welding work from all the surrounding area and serving both the industrial and agricultural interests in a most up-to-date manner.

They have been especially instrumental in helping to keep the wheels of industry moving. Many of the businessmen and farmers of this area offer the highest praise for the work done in their shop. However, a job does not have to be brought into

their shop to receive their attention and service, for they are equipped with modern, portable equipment and much of their work is handled right on your job, thereby saving much lost time in transporting broken machinery to a shop.

Gulf Coast Steel receives the complete recommendation of the writers of this 1972 Town and Country Review.

**Gulf Travel Service**

Dr. Otto Mollere - John F. Auderer - Owners

Mrs. Kitty Mollere - Mrs. Jean Coumar - Managers

Would you like to jet to Hawaiian ports or paradise or play in the magic kingdom of Disneyland, but the worry of travel and hotel reservations gives you second thoughts?

Travel experts at the Gulf Travel Service in Gulfport at The Security Savings Building, phone 863-6636 or 467-9006 take the worry out of trips, whether

they be near or far at no extra cost to you. Call them and a courteous travel counselor will advise you and make airline, steamship, tour, cruise, resort, motel or hotel reservations for you. Complete travel service anywhere in the states, Canada or the world is available from this establishment.

The helpful people here can assist you with passports, visas

and other details, including baggage and trip insurance. Excursion fares, family plans and group rates are available. Car rentals can also be arranged by these experts.

We, the writers of this 1972 Town and Country Review, suggest you telephone the Gulf Travel Service for a worry free vacation, or your business trip reservations.

Loans are available for the purchase of homes, building sites and business buildings. Federal Housing Administration (FHA) and Veterans Administration (VA) insured loans are handled by them also.

Mortgages help many people. For example, a couple wishes

to buy a home of their own, but their savings are less than the cost of the house. By using the services offered by this reputable institution, reliable persons can secure a real estate loan to pay that home they want now and repay the loan over a long period of years.

This firm has been a real friend to the home buyers and has played an important part in the growth of this area.

The narrators of this 1972 Town and Country Review suggest that you contact them for your real estate loan needs. You'll be glad you did.

**Hall Electric Service**

John Hall - Elec. Contractor

City and county ordinances affecting electric wiring of all buildings and homes are definitely strenuous. The purpose, however, is evident. Many homes are free and homes are the result of electric wiring. For these reasons, it is imperative that every home have electrical wiring done by a licensed electrician who is qualified to

licensed electricians. Few persons in this line of work can boast of so many years of competent and skilled service to the residents of this area. They have established an enviable reputation throughout the entire field of electrical contracting and has proved itself worthy of the faith and patronage of our people. For all your electrical problems as well as power, commercial, and residential wiring, see this firm.

The writers of this 1972 Review recommend the Hall Electric Service to all our readers.

**Lockett's Mortuary & Ambulance Service**

"George W. Lockett - Owner"

Their years of service combined with the most comprehensive knowledge of their profession has made the name Lockett's Mortuary and Ambulance Service outstanding in this area of the state.

Every service is conducted with an air of quietness and respectfulness by those in attendance. From the minute they

are called until the final duties are performed, not a single detail is overlooked, not the least semblance of confusion serves to make the same. Lockett's Mortuary and Ambulance Service is a thoughtful, professional service.

Residents of this community are offered a fine ambulance service by this competent firm. It is good to know that they are

always close at hand with trained attendants and the most modern equipment. It is a pleasure in this 1972 Review to commend the Lockett's Mortuary and Ambulance Service to the people of this area.

**Mobile Homes Sales New & Used**

Tom Todd - General Manager

The Dick Moore Mobile Home Sales located at 1184 Pass Road in Gulfport, phone 864-1184, is a business for all types of mobile homes, both new and used. They are clean, well maintained, and are situated in a beautiful setting. They have a complete inventory of mobile homes, both new and used, and are ready to move. They also have a complete inventory of mobile homes, both new and used, and are ready to move. They also have a complete inventory of mobile homes, both new and used, and are ready to move.

They welcome your inspection of their complete line of mobile homes. They will be glad to discuss your needs with you and advise you whenever possible. They have a complete inventory of mobile homes, both new and used, and are ready to move. They also have a complete inventory of mobile homes, both new and used, and are ready to move.
